

CLAIM PROCEDURE

If you become disabled, tell us (your creditor) right away. (We advise you to send this information to the same address to which you are normally required to send your payments, unless a different address or telephone number is given to you in writing by us as the location where we would like to be notified.) We will tell you where to get claim forms. Send in the completed form to the insurance company as soon as possible and tell us as soon as you do.

If your disability insurance covers all of your missed payment, WE CANNOT TRY TO COLLECT WHAT YOU OWE OR FORECLOSE UPON OR REPOSSESS ANY COLLATERAL UNTIL THREE CALENDAR MONTHS AFTER your first missed payment is due or until the insurance company pays or rejects your claim, which ever comes first. We can, however, try to collect, foreclose, or repossess if you have money due and owing us or are otherwise in default when your disability claim is made or if a senior mortgage or lien holder is foreclosing.

If the insurance company pays the claim within the three calendar months, we must accept the money as though you paid on time. If the insurance company rejects the claim, within the three calendar months or accepts the claim within the three calendar months as a partial disability and pays less than for a total disability, you will have 35 days from the date that the rejection or the acceptance of the partial disability claim is sent to pay past due payments, or the difference between past due payments and what the insurance company pays for the partial disability, plus late charges. You can contact us, and we will tell you how much you owe. After that time, we can take action to collect or foreclose or repossess any collateral you may have given.

If the insurance company accepts your claim but requires that you send in additional forms to remain eligible for continued payments, you should send in these completed additional forms no later than required. If you do not send in these forms on time, the insurance company may stop paying, and we will then be able to take action to collect or foreclose or repossess collateral you may have given.
